## Kia Tupuolaola e Moui he Tagata Niue: May the Tagata Niue Thrive

Congratulations to Mr Kauie, Ms Misiniu and Ms Leolahi for the organisation of the celebration of Niuean Language Week this week. I am very proud of the leadership from our Niuean students and families. The rest of the school are enjoying the activities planned. Fakaau lahi to our Niuean families for their support and co-operation. May the Vangahau Niue continue to thrive among our Niuean students and is a language of all our Niuean homes. Our school aims for our students to hold on to their heritage language.

Join us daily for our 'Daily Dose' of Vangahau Niue every morning this week. Do link in to our finale on Friday morning. You will not be disappointed.

## Prizegiving Dates

Celebrating student success is a big part of our school year. Please note the dates scheduled for our prizegiving at the end of the year. These will be by invitation only and only those who are fully vaccinated will be at each prizegiving.

## End of Year Assessments

We are planning to have these administered on-line. Teachers will notify students and parents of when these will be, so that the students are ready and be on time. These are important and students need to be as well prepared as they can be for these end of year assessments.

## 2022 Enrolments

These are now open and do encourage those of your networks who wish to enrol their pre-schoolers to do so as soon as possible. Those who are out of our school's geographical zone need to do so promptly. If you have any relations outside the school zone who wish to be in the bilingual units or the Rumaki, they need to do it sooner than later. Enrolment packs are available in the school office.

If you are shifting out of the area or wish your child to enrol at another school, please notify the school office as soon as possible.

## **BOT News      Vaccination Expectations**

The decision regarding vaccination was most difficult for the board. After considering many factors that can impact on the decision. The board in the end decided on what is best for our students, staff and the community. It was also important that the decision enables the realisation of one of our school goals that Sutton Park School is safe for all.

### **The Board of Trustees decided that adults and young people twelve and over need to have both vaccinations to be allowed access to Sutton Park School.**

The board will make every attempt possible to make sure that vaccination can be easily accessed. There will also be support and information provided for staff, parents and youths who may need time to make a decision suitable for them individually. The Board also rely heavily in our community doing what is right for our students, staff and community.
